

SERVICES

ULTRASONOGRAPHY: For your convenience, we currently provide ultrasounds performed by Registered Diagnostic Medical Sonographers. Obstetric and gynecological ultrasounds can be completed at the time of your visit. Fetal biophysical profiles are also available at each office. As an additional elective service, we provide “early gender ultrasounds” at each office for the purpose of identifying your baby’s gender. These can be done as early as fifteen weeks. 4-D ultrasounds are also available at our Wolfchase office as an elective service, and we can provide expecting moms with a high-definition recording of the baby’s 4-D pictures.

PREGNANCY MONITORING: Non-stress testing for fetal evaluation is available at each of our locations. When concerns arise about the status of your baby, you can be monitored on-site during your visit.

HYSTEROSONOGRAPHY: As a relatively new in-office ultrasound procedure, hysterosonography utilizes the injection of a small amount of water through the cervix into the uterus for better visualization. This procedure aids in determining appropriate treatment methods for patients with abnormal bleeding and other uterine irregularities.

URINARY TESTING: For women experiencing bladder and urinary dysfunction, we offer diagnostic testing at our Baptist Women’s and Wolfchase locations. This painless and non-invasive procedure allows the physician to evaluate your condition and determine appropriate treatment plans.

BONE DENSITOMETRY (DEXASCAN): Using a very small dose of radiation, a scan of certain bones is performed to determine density and measure bone loss. This enables the physician to identify your level of risk for a fracture and then decide upon the best course of action for your bone health. It is performed at our Baptist Women’s, Wolfchase, and Germantown locations.

COLPOSCOPY/LEEP: In-office diagnosis of abnormal Pap smears can be aided by the use of colposcopic and LEEP equipment. These allow the physician to magnify suspicious areas and take necessary biopsies in the office.

REVERSIBLE BIRTH CONTROL: Our physicians perform several methods of reversible birth control, including the IUD’s (intrauterine devices) Mirena, Skyla, and Paragard, the Implanon skin implant, injectable Depo-Provera, and pills, patches, and rings.

MAMMOGRAPHY: Convenient screening mammography is offered at our Baptist Women’s, Wolfchase and DeSoto locations. Performed by registered mammography technicians, and using the latest digital mammography equipment, our studies are read by the radiologists servicing the Women’s Health Center.

COSMETIC SERVICES: Our Germantown location offers the latest technology in laser, with the new GentleMax treatment system by Candela. This treatment is for hair removal, skin rejuvenation, and spider veins. The laser delivers a controlled amount of therapeutic heat, while a dynamic cooling device protects the upper layers of your skin. This procedure offers optimal treatment with minimal side effects. We also offer Botox, dermal fillers, Vivité® Vibrance, and Latisse for those wanting to look as young as they feel!

IN-OFFICE SURGICAL PROCEDURES: With new technology, we now perform many surgical procedures which historically had to be handled at an off-site facility. These procedures include hysteroscopy, endometrial ablation, and the Essure permanent birth control procedure. These procedures are usually performed in less than an hour.

Our Physicians are participating providers for:

HealthChoice (Methodist PPO) BHSG (Baptist PPO) CIGNA HMO & PPO Humana
BCBS of TN AETNA HMO & PPO United Healthcare BCBS of MS Advanced Health Systems (AHS)

ABOUT US

MEMPHIS OBSTETRICS & GYNCOLOGICAL ASSOCIATION, P.C.

With nearly 2000 physicians and over 20 hospitals in the Memphis area, mid-southerners have some of the nation's finest healthcare at their doorstep. Since our specialty requires that we be convenient to our patients and their hospitals, we have chosen to locate our four offices in East Memphis, Germantown, the Wolfchase area, and Southaven.

We have also chosen to utilize four of the finest hospitals for our admissions and deliveries: **Baptist Women's Hospital**, which houses the city's largest private obstetrics facility; **Methodist Hospital Germantown**, which is conveniently located in the heart of Germantown; **St. Francis Hospital Bartlett**, which is convenient to the Raleigh, Bartlett, and Wolfchase areas; and **Baptist Memorial Hospital DeSoto** in Southaven. With offices at or near each of these hospitals, we have a location to suit you.

By providing services at each of these hospital systems, we are able to participate in all major PPO and HMO insurance plans. Therefore, if your insurer should change plans, it is likely that we will be able to provide you with uninterrupted service.

Our practice is dedicated solely to a woman's care and helping her maintain good health during puberty, through pregnancy, during menopause, and throughout later life. Our physicians can advise you about contraception, perform your routine check-ups, and work to restore normal levels of health when problems occur. Whatever the need, it is always our goal to provide personal, concerned, and complete medical care. For problems outside our scope of service, we will make referrals to physicians in the appropriate specialties and work closely with them to follow your progress.

Our physicians rotate after-hours call so that there is always someone available to address urgent problems or complications. After-hours call is also staffed by a nurse who can assist you with questions that may arise.

We realize that the choice of a physician and the relationship you share are special. Call any of our offices or visit us on the web at www.mogamd.com. We are here for you, for it is our belief that **preventive care is still the best care.**

PENN Q. JOE, M.D.

A native Memphian, Dr. Penn Joe attended the University of Tennessee, Knoxville and received his B.S. degree from Rhodes College in 1976. Dr. Joe earned his medical degree from the University of Tennessee, Memphis and also completed his residency at the University of Tennessee. A board-certified specialist in obstetrics and gynecology, Dr. Joe enjoys tennis, photography and especially time spent with his family.

GEORGE F. WORTHAM III, M.D.

Dr. George Wortham graduated from Vanderbilt University with a B.A. degree in Psychology, and earned his medical degree in 1983 from the University of Tennessee where he also completed his residency. Board-certified in obstetrics and gynecology, he enjoys hunting, water sports and rollerblading. Dr. Wortham is married and has two children.

JAMES A. WILSON III, M.D.

Dr. James Wilson received his B.A. degree from the University of Tennessee, Knoxville in 1980 and his medical degree from East Tennessee State University in Johnson City, Tennessee. After completing his residency at Bayfront Medical Center in St. Petersburg, Florida, Dr. Wilson returned to Memphis to practice. He enjoys golfing, fishing and family vacations with his wife, son and daughter.

M. ANDREA GIDDENS, M.D.

Dr. Andrea Giddens grew up in Hot Springs, Arkansas; attended Hendrix College in Conway, Arkansas; and received her medical degree from the University of Arkansas in 1989. She completed her residency at the University of Tennessee in Memphis, and is an active lover of the outdoors. A board-certified specialist, she and her husband, Dr. Aric Giddens, have a son and two daughters.

CRISTA L. CRISLER, M.D.

A Memphis native, Dr. Crista Crisler attended St. Agnes Academy and performed her undergraduate studies at Rhodes College. She received her medical degree from the University of Tennessee, Memphis and also completed her residency training at the University of Tennessee. Board-certified in obstetrics and gynecology, Dr. Crisler enjoys running, snow skiing and spending time with her husband and son.

G. ARIC GIDDENS, M.D.

Dr. Aric Giddens was born in Macon, Georgia, and is married to Dr. Andrea Giddens. He received both his undergraduate and medical degrees from Emory University in Atlanta, and completed his residency in 1995 at the University of Tennessee in Memphis. Dr. Giddens is board-certified, and enjoys running, water sports, snow-skiing, and spending time with his children.

ELIZABETH K. MANN, M.D.

Dr. Elizabeth Mann received her undergraduate degree from Vanderbilt University and her medical degree from the University of Tennessee in Memphis. Her residency training in obstetrics and gynecology was also performed at University of Tennessee. Board-certified in obstetrics and gynecology, Dr. Mann is an avid long-distance runner who also enjoys skiing and spending time with her son and daughter.

JOHN F. ALBRITTON, M.D.

Born in Helena, Arkansas, Dr. John Albritton attended Vanderbilt University and graduated from Purdue University with a degree in pharmacy. He received his medical degree from the University of Tennessee and did his residency at the City of Memphis Hospital. A practicing OB/GYN in Memphis for over 25 years, Dr. Albritton now limits his practice to office gynecology. He is active in the medical community, Independent Presbyterian Church, and enjoys gardening and playing golf.

PETER L. BALLENGER, M.D.

Dr. Ballenger attended Vanderbilt University and earned his B.S. degree from Memphis State University. After receiving his medical degree from the University of Tennessee, he completed his residency at the City of Memphis Hospital and began private practice in 1967. Dr. Ballenger is a board-certified gynecologist and a fellow with the American College of OB/GYN. He is also an Associate Clinical Professor at the University of Tennessee and past President of the Memphis and Shelby County OB/GYN Society. Additionally, he has served as President and Chief of Staff of Methodist Hospitals of Memphis. Having received advanced training in laparoscopic, laser and pelvic reconstructive surgery, Dr. Ballenger devotes his practice solely to gynecology.

CORY R. TINKER, M.D.

Dr. Tinker was born in Huntsville, Alabama in 1967. He received a Bachelor of Science degree from Rhodes College and graduated from the University of Tennessee School of Medicine in June 1995, where he received his medical degree. He also performed his residency at University of Tennessee, Memphis, and is board-certified in obstetrics and gynecology. Dr. Tinker is married to Anne Tinker and is the father of three children.

FAZAL M. MANEJWALA, M.D.

Dr. Manejwala received a B.A. in Biochemistry from the University of Maryland in 1983 and his Ph.D. in Biology from the University of Pennsylvania in 1989. In 1990, Dr. Manejwala entered the University of Pittsburgh where he received his medical degree in 1994. He performed his residency at the University of Tennessee in Memphis, rotating through the Baptist Hospital System. Dr. "M" is board-certified in obstetrics and gynecology.

MICHAEL F. COUNCE, M.D.

Dr. Counce is a native Memphian who attended Christian Brothers High School and graduated from Rhodes College. He attended medical school at the University of Tennessee in Memphis, where he also performed his residency. A board-certified provider, Dr. Counce also serves as a clinical instructor for the University of Tennessee, and is a Fellow in the American College of Obstetrics and Gynecology. Outside of the office, he enjoys water sports and snowskiing.

LEA MARY BANNISTER, M.D.

Dr. Bannister was born in McMinnville, TN, attended Tulane University, and received her medical degree at the University of Tennessee in Memphis in 1990. She completed her residency at Johns Hopkins Hospital in Baltimore, and was board certified in 1996. She resides in Memphis with her three children.

ELAINE A. THOMPSON, M.D.

Elaine A. Thompson, M.D. grew up in Birmingham, Alabama and received both her B.S. and Medical Degree from the University of Alabama at Birmingham. She also completed her residency in obstetrics and gynecology at UAB. She is married to Dr. Ken Thompson, an Emergency Department physician at Baptist Hospital Desoto. They reside in Desoto County and have a daughter and two sons.

ALOK KUMAR, M.D.

Dr. Kumar attended medical school and performed his residency at the University of Tennessee in Memphis, and was previously employed with Chesapeake Women's Care in Annapolis, MD. His experience also includes two years of service as Senior Research Technologist at St. Jude Children's Research Hospital. Outside of the office, he enjoys working with computers, hiking, camping, and photography.

CLAUDIA L. MOISE, M.D.

Dr. Claudia Moise received her undergraduate degree from Texas A&M University, and her medical degree from the University of Texas School of Medicine. Prior to joining MOGA, she practiced for twenty-six years with Health First Medical Group and OB/GYN Specialists. Dr. Moise sees patients in our Germantown office, and her practice is currently limited to gynecology. Outside of the office, she enjoys horseback riding, working in the yard, performing Yoga and running.

JASON B. MULLENIX, M.D.

Dr. Jason Mullenix operated a two-provider OB/GYN practice in Lawrenceburg, TN, prior to joining MOGA. He received his medical degree from the University of Tennessee at Memphis, performed his residency at the Eastern Virginia Medical School, and holds undergraduate degrees in American Literature and Biology from the College of William and Mary. He is married with three children, and enjoys running, mountain-biking, and coaching little league baseball. Dr. Mullenix also

previously sang with the Memphis Symphony Chorus.

HELENA GEISSLER SHANNON, M.D.

Dr. Helena Geissler Shannon grew up in Memphis and attended high school at St. Agnes Academy. She majored in microbiology at the University of Tennessee, Knoxville, and obtained her medical degree from the University of Tennessee, Memphis. She performed her internship at the University of South Florida, and her residency at the University of Tennessee. Dr. Shannon enjoys reading, spending time with family and friends, and lounging by the pool. She also enjoys traveling, and her favorite destination is Charleston, SC.

ELIZABETH F. McADORY, M.D.

Dr. Elizabeth "Betsy" McAdory is originally from Grenada, MS. She attended high school at Kirk Academy and the Mississippi School for Math and Science. She then went on to attend Vanderbilt University, where she majored in Biology, and obtained her medical degree from the University of Mississippi School of Medicine. Dr. McAdory is married, and enjoys playing the piano and listening to music. Additionally, she enjoys reading, watching movies, and traveling.

JASON G. WILLIAMS, M.D.

Dr. Jason Williams is a native Memphian. He attended Houston High School and went on to obtain his B.S. in Chemistry from the University of Tennessee in Knoxville. During his tenure at UT, he spent a semester at Curtin University in Perth, Australia, through a study-abroad program. He obtained his medical degree from the University of Tennessee in Memphis and was named a co-recipient of the "Outstanding Resident in Gynecology" Award. Dr. Williams grew up in a healthcare-focused family. His father is a pulmonologist and his mother was a NICU nurse. He has a son who is ten years old, and he enjoys attending his soccer and basketball games. Additionally, Dr. Williams enjoys mountain bike riding, running, sailing, and following the University of Tennessee's football and basketball teams.

DANIEL A. LEE, M.D.

Dr. Daniel Lee is a native Memphian. He attended White Station High School and went on to obtain his B.A. in Physics from the University of Mississippi. He obtained his medical degree from the University of Tennessee in Memphis and was named a co-recipient of the "Outstanding Resident in Gynecology" Award. Dr. Lee is married, and enjoys fly fishing, cooking, grilling, and reading. He and his wife also enjoy traveling, and their favorite destination is Banff, Canada. They attend Highpoint Church in Memphis. Dr. Lee is a second-generation physician. His father practiced at the West Clinic in Memphis.

LYNN G. KIRKLAND, D.N.Sc., W.H.N.P.

Lynn Kirkland attended St. Agnes Academy and The University of Memphis. She received her Master of Science in Maternal/Fetal Health and her Doctor of Nursing degrees from The University of Tennessee, Memphis. Ms. Kirkland, who previously practiced at The Med, is a Certified Women's Health Nurse Practitioner and is also an assistant professor with the University of Tennessee, Memphis College of Nursing.

LINDA W. CHILDERS, M.S.N., F.N.P.

Linda Childers received her B.S. degree in Nursing and Master of Science degree in Nursing from the University of Tennessee. Ms. Childers is a Certified Family Nurse Practitioner and previously practiced in Labor and Delivery at the Med. She is a founder of the Celebrate EveryBODY 5k run/walk for the National Eating Disorder Association.

KELLY K. PFROMMER, M.S.N., F.N.P.

After receiving her B.S. degree in nursing from the University of Tennessee, Ms. Pfrommer worked as an ICU nurse at The Med and then as a nurse in the Baptist Hospital East ER. She continued her education at Mississippi University for Women, receiving her Masters Degree in Nursing with a specialty in women's health.

JENNIFER B. LAMB, M.S.N., F.N.P.

Ms. Lamb is a native Mississippian and is from the DeSoto County area. She received her B.S. Degree in Nursing from the Mississippi University for Women, after which she worked as a labor and delivery nurse for Baptist DeSoto Hospital for many years. She continued her education at Delta State University, receiving her Masters Degree in Nursing. Ms. Lamb has two children and loves spending time with her family.

JENNIFER DEWEY, M.S.N., F.N.P.

Jennifer Dewey is a native Memphian. She attended White Station High School and went on to obtain her BA in Criminal Justice and Pre-Law from the University of Memphis. She later attended the University of Tennessee at Memphis, where she obtained her BSN, and Mississippi University for Women, where she obtained her MSN and became certified as a nurse practitioner. Mrs. Dewey practiced from 2005 to 2014 in the OB/GYN department of UT Medical Group. She is a member of the Greater Memphis Area Nurse Practitioners Association and Sigma Theta Tau Nursing Honor Society. She is married and has one son. Outside of the office, she enjoys traveling, exercising, reading, and hiking.
